

Petition to the Legislative Assembly of Alberta

On March 29, 2021 Government of Alberta released their proposed draft Curriculum for KG-6 and immediately, parents, educators, and concerned Albertans across the province began finding countless errors, faults, and inaccuracies. Professionals across the province have joined in, spending the last week dissecting each subject, grade by grade, and the flaws are endless.

Concerned Albertans are coming together to urge the Government of Alberta to withdraw this proposed draft and try again. We would hope that any redrafts would take into consideration the vast wealth of knowledge provided by educators and experts across our province who were not consulted in the current draft. We stand united together to demand a curriculum for our children that is inclusive, accurate, forward thinking, relevant and age appropriate.

By signing this petition, which will be brought to the Legislative Assembly of Alberta, you will be joining the tens of thousand of other Albertans calling on our government to do what's right for our children and redo the draft.

Please ensure to print clearly on the enclosed document. Include your name, address including postal code and signature. **All information must be completed in pen, and original pages mailed via Canada Post.**

Mail signature page(s) to the following address by **May 13, 2021** in order to be tabled during this sitting. Late signatures will be tabled when the Assembly resumes in October 2021.
